Offering breathtaking ocean views, this exceptional modernist-style, cubic villa, perched on tall concrete stilts, is built on the tip of Cap de Nice, right on the waterfront.

Completely renovated with luxury finishes and custom-designed features, the villa features floor-to-ceiling windows that allow you to fully enjoy the exceptional panoramic sea view while letting in plenty of natural light.

The interior comprises, on the first level, a spacious living area with a reception room, dining room, and high-end fully equipped kitchen, as well as a first bedroom with an en suite shower room.

On the ground floor, there is a beautiful master bedroom with a walk-in closet and an en-suite bathroom with a shower. There are two additional bedrooms, each with an en-suite shower room. On this floor, all the bedrooms seem to float above the sea: they offer an exceptional vantage point and a spectacular ocean view.
